

Year 5 /6 Homework Grid

Please spend quality time with your child completing some activities on this grid. We are trialling something new with our homework grids this year and as our topics are now termly, our homework grids will be too. Each area of learning will now have three activities in each with the idea that you can complete one this side of half term, one the other and then you have a spare if you would like to do it and just so your child has some choice. We expect your child to complete **1 activity from each box by Friday 23rd**

October and their 2nd activity from each box by Friday 18th December.

Languages, Literacy and Communication

Activity 1: Interview a family member about a celebration or tradition that is important to them. Write a short paragraph explaining what happens and why it is special.

Activity 2: Write a letter to your future self. Tell them of all of your hopes, dreams and things that make you, you now. You could open it in 5 years and see what has changed.

Activity 3: Write 5 sentences in Welsh about a celebration. You could include what you celebrate, who you celebrate with, what you eat or what you enjoy.

Mathematics and Numeracy

Activity 1: Imagine you have £100 to organise a celebration. Create a shopping list and work out how much you would spend and how much money you would have left.

Activity 2: Carry out a survey asking friends or family about their favourite celebrations. Display your results in a bar chart or pictogram.

Activity 3: Find the dates of 5 different celebrations during the year and put them in chronological order. Work out how many months apart they are.

Health and Wellbeing

Activity 1: Help to prepare a food or snack that your family enjoys during a celebration. Take a photograph or write about what you made.

Activity 2: Design a healthy celebration menu containing a starter, main course, dessert and drinks.

Activity 3: Complete a week of proud moments. Record one thing each day that you are proud of.

Please allow your child to upload their own work to Seesaw. Put it in the correct folder and write the task in the caption.

Seesaw

Expressive Arts

Activity 1: Learn a song, dance or piece of music connected to a celebration and perform it for somebody at home.

Activity 2: Create a piece of artwork inspired by a celebration. You could make a lantern, decoration, card, pattern or painting.

Activity 3: Create a personal crest or shield. Include symbols representing: your strengths, favourite things, values and aspirations

Science & Technology

Activity 1: Investigate how light is used in different celebrations. Find examples from at least three celebrations and explain why light might be important.

Activity 2: Design a celebration decoration that could light up, move or make a sound. Draw and label your design.

Activity 3: Create a digital poster, video or slideshow explaining how technology is used during modern celebrations - for example lights, music, photography, video calls or fireworks.

Humanities

Activity 1: Choose one celebration such as Diwali, Hanukkah, Christmas, Eid or another celebration that is important to you, and find out about its traditions, food, clothing, stories and symbols.

Activity 2: Who deserves a statue? Choose someone who has made a difference. It could be: David Attenborough, Marcus Rashford, a family member or a local hero - you choose. Explain why they should be celebrated.

Activity 3: Ask the big question: Why do humans celebrate? Think about family. Create a poster, mind map or short written response explaining your ideas, religion, community, remembering important events, traditions and belonging.
