Cross Curricular Map

Triad – RP Elm

Driver AoLE	Topic Overview:	Hook/Experiences
Mathematics & Numeracy	Dragon's Den enables Sprouts and Trees learners to develop enterprise, persuasion, and problem-solving skills through designing, making, costing, marketing and selling a product (bracelets). Learners apply literacy, numeracy, digital competence and social skills in purposeful real-life contexts , building independence, resilience and confidence in line with the Curriculum for Wales.	• Exploring and evaluating real products. • Identifying a gap in the market through discussion and surveys. • Designing and making bracelets using measurements and patterns. • Market research using tallies, pictograms and digital graphs. • Selling products in a Dragon's Den / market-style event with parents.

Literacy:

- I can express opinions clearly and give reasons.
- I can read, analyse and discuss persuasive texts such as adverts and posters.
- I can plan, draft, edit and present persuasive writing.
- I can sequence ideas logically using time and causal language.
- I can plan and deliver short pitches or presentations.
- I can write and retell losing/fear narratives using clear structure.

Numeracy:

- I can apply addition and subtraction to real-life problems.
- I can measure length, capacity and time using standard units.
- I can estimate, calculate and compare costs and prices.
- I can work within a budget and calculate profit or loss.
- I can collect, record and interpret data using charts and digital tools.
- I can explain my mathematical thinking using appropriate vocabulary.

Health & Wellbeing:

- I can recognise, describe and manage my emotions during learning.
- I can work cooperatively, take turns and respect others' ideas.
- I can show resilience and talk about strategies that help me keep going.
- I can prepare food safely and follow multi-step instructions.
- I can make informed choices about health and safety.
- I can take part in physical activity that develops coordination and teamwork.

Cymraeg:

(Welsh language learning can be naturally embedded through bilingual signage, greetings, and role-play phrases.)

- I can respond to instructions and questions in Welsh.
- I can ask and answer simple questions in Welsh.
- I can count, use colours and give basic personal information in Welsh.
- I can develop my Welsh vocabulary.

Dragon's Den Summer 1 - Elm

RVE:

- I can explore fairness, honesty and responsibility within enterprise activities.
- I can reflect on choices and how they affect others.
- I can adopt a growth mindset.

Science & Technology:

- I can investigate materials and justify choices for a purpose.
- I can design, test and refine a product.
- I can use digital tools to create charts, adverts and presentations.
- I can follow online safety rules.
- I can observe plant growth and explain what plants need to survive.

Humanities:

- I can understand enterprise roles such as designer, customer and seller.
- I can recognise how money is used and managed.
- I can suggest improvements to a product or process.
- I can take part in activities that support a shared goal.

Expressive Arts:

- I can design logos, patterns and branding.
- I can use art, drama and media to communicate messages.
- I can evaluate and improve my creative work.
